

Ferguson Digital DAB+150 is an ideal device for the kitchen, nursery or office. Interesting shape, unique materials and useful controls make a perfect radio model for your house. With this device, you will pick the latest digital (DAB) radio stations, as well as traditional channels in the VHF frequency. RDS (Radio Data System) will display on the screen additional information from the sender, eg. the title and artist of the currently broadcast song, weather information, etc. Additionally, the device is equipped with a practical LCD display with backlight. Thanks to it you'll easily recognize your radio station, broadcaster, artist name, album or song title! This product is equipped with a practical function of time programmers, thanks to which you'll be able to program your device to switch off on your preferred time. There is also a function of a radio-alarm clock, that will wake you on request with music from your favorite station. Thanks to the integrated inputs for USB storage devices and SD cards, there is also the ability to play audio files in MP3 format (also containing ID3 tags).

Main features:

- **Elegant, timeless design**
- **Deep and clear sound**
- **Support for DAB digital radio**
- **Support for analog FM radio**
- **Support for RDS** - to view additional informations from the signal sender on the display screen

Technical Specifications:

- **Radio DAB+/FM with RDS**
- **Memory 10 DAB+ stations**
- **USB input for playing audio files (MP3/WMA)**
- **SD card input for playing audio files (MP3/WMA)**
- **Compliance with ERP 2 for higher energy efficiency:**
<1 watt power consumption in standby mode
- **Power consumption (in operation): 20 W**
- **Clock with two alarms**
- **Maximum capacity: 15 W**
- **Power output: 5 W RMS (10% THD)**
- **Headphone jack**
- **Large LCD display with backlight**
- **Full wooden laminated PVC housing**
- **Retro design and tuning scale with blue backlight**
- **Metal mesh speaker with chrome ring**
- **Telescopic FM antenna**
- **AC power adaptor**
- **Input voltage: 12V DC**
- **DAB+ frequency range:**
174,928 MHz ~ 239,200 MHz
- **FM frequency range:**
87,5 MHz ~ 108 MHz
- **Dimensions:** 235 x 140 x 145 mm (length x width x height)
- **Net weight:** 1.7 kg
