

Smart Wi-Fi Plug With Remote Meter Reader FS2PG-WMB

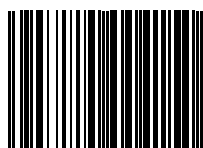

It is part of the Ferguson SmartHome 2.0 system, it works autonomously, some functions require the FS2SH gateway.

- Innovative reading function of meters for remote reading equipped with WBM interface
- Precise monitoring of energy consumption
- Possibility to connect external devices (max. 3000W/16A)
- Mobile application for management available
- Device control both from the level of the local Wi-Fi network and the possibility of external access
- Real-time device control (on/off) and extensive timer functions
- Monitor the energy consumption of a connected external device

- Working voltage: 100VAC ~ 240VAC
- Average power consumption: <0.5W
- Maximum load: 3000W
- Measured voltage range: 110VAC - 240VAC
- Measured current range: <16A
- Measured power range: <3000W
- Wireless protocol: Wireless M-Bus
- Wireless range: up to 100 m (open area)
- Working environment: -10°C ~ +50°C
- Working humidity: ≤95% RH
- Dimensions: 79.6 x 67.9 x 72mm
