

Remote Controller FS2RC

It is part of the Ferguson SmartHome 2.0 system, requires the FS2SH gateway.

- Arming or disarming the system
- Control your smart home without a phone
- Direct change of operating mode
- Emergency/panic button

The remote control allows you to control the Smart Home system. It allows you to arm and disarm the system, and in case of emergency, use the so-called „Panic button” of the alarm siren signal and its light signaling to notify all household members of the danger.
