Smart Home touch panel 15,6" FS2TP2

It is part of the Ferguson Smart Home system. It can be used independently.

**Revolutionize your Smart Home with the modern 15.6-inch Ferguson touch panel!**

Introducing the elegant and versatile 15.6-inch touch panel, which will become the innovative command center of your Ferguson Smart Home. Designed with functionality and elegance in mind, this device combines powerful technology with intuitive operation, offering full control over home automation on a large, clear screen.

- **Impressive Full HD display for excellent readability:** Large, 15.6-inch IPS Full HD LCD screen (1920x1080) with high contrast and brightness guarantees crystal clear image and excellent readability in all conditions.

- **Intuitive touch operation for smooth interaction:** Precise, capacitive touch screen with multi-point touch support ensures smooth, responsive and comfortable interaction, making system management extremely simple.

- **Top-level performance for lightning-fast operation:** Powerful quad-core RK3568 Cortex-A55 2.0 GHz processor, 4 GB RAM and 32 GB of internal memory ensure lightning-fast application operation and stable system operation.

- **Versatile Android system for unlimited possibilities:** Modern Android 11 system opens up access to thousands of applications, including the dedicated Ferguson Home Panel application and popular services and tools.

- **A wealth of connectivity options for full integration:** Wi-Fi modules, Ethernet RJ45, Bluetooth 4.0 and numerous ports (3xUSB, SD, mini USB OTG, 3.5mm audio) enable easy connection to the network, control panel and peripheral devices.

- **Built-in camera, microphone and speakers for versatile applications:** Front 2.0 Mpix camera, microphone and stereo speakers (2x2W) enable video calls, use as a video intercom and playback of multimedia and messages.

- Processor: RK3568 Quad-core Cortex-A55 up to 2.0GHz
- RAM: 4GB
- Internal memory: 32GB
- Operating system: Android 11
- Display: 15.6" IPS, touchscreen, 1920x1080
- Display brightness: 300cd/m2
- Network connectivity: WIFI 802.11b/g/n, Ethernet (RJ45), Bluetooth 4.0
- USB ports: 3 x USB Host 2.0, 1 x Mini USB OTG
- Card reader: SD slot (up to 32GB)
- Multimedia: Supports video up to 1080p, audio (MP3, WMA, AAC), photos (JPEG, PNG)
- Camera: Front 2.0 MP
- Additional: Speakers 2x2W, VESA 75mm wall mount
- Dimensions (L x W x H): 355 x 222 x 30mm

Integration with Ferguson Smart Home System

A key advantage of the FS2TP2 is its full integration with the Ferguson Smart Home platform. This gives the user the ability to control many aspects of the house from one central point. The panel works perfectly with:

- **Thermostats and air conditioning systems** - allowing precise control of room temperature;

- **Alarm systems** - integrating motion detectors, opening sensors and video surveillance into one cohesive solution;

- **Automatic lighting control** - allowing you to introduce a variety of lighting scenarios that adapt to the time of day and individual preferences.
