

Water Leak Sensor FS2WL

It is part of the Ferguson SmartHome 2.0 system, requires the FS2SH gateway.

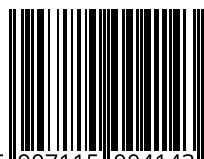

- Detects leaks and flooding
- Quick response and discreet assembly
- React before the damage is serious

The flood sensor will ensure the safety of rooms with water and sewage systems. Its extraordinary lightness makes the installation of the sensor in a bathroom or boiler room very simple and takes seconds. Alarm signals from the sensor help minimize leakage losses. The sensor consists of a floor-mounted flood detector and a communication module that is attached to the wall.

- Working voltage: DC3V
- Static current: $\leq 5\mu\text{A}$
- Web: ZigBee ad-hoc
- Wireless range: $\leq 100\text{ m}$ (open area)
- Working temperature: $-10^{\circ}\text{C} \sim +50^{\circ}\text{C}$
- Working humidity: 95% RH
- Dimension: 60 * 30 * 12.5mm
