

## Smart EYE 310 IP Cam FS2SE310

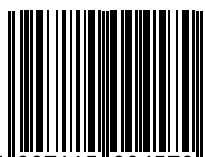

It is part of the Ferguson Smart Home system. It can be used independently.

- Resolution: 4MP (2560x1440)
- Solution: X57302 + K06
- Sensor: 1/2.7" CMOS with progressive scanning
- Lens: 4 mm @ F2.0, horizontal field of view 95°
- Lens interface: M12
- Minimum illumination: 0.012Lux (color mode); 0Lux (with infrared light on)
- Number of infrared lights: 4; White lights: 2
- Infrared light wavelength: 850 nm
- Day/night mode: ICR infrared filter
- Infrared night vision range: 30 meters
- Maximum image size: 1600 x 2500 (4MP), dual-stream support
- Frame rate: 25fps
- Video compression standard: H.265/H.265+ Main Profile; Video compression bitrate: max 2048kbps; Stream type: variable bitrate
- Dual stream: main (1600 x 2500), auxiliary (D1 640 x 360)
- Image settings: support for HD/SD, mirror mode support
- Audio input: built-in microphone; Audio output: built-in speaker; Audio compression standard: G.711A
- White balance: automatic; Gain control: automatic; Digital noise reduction: 3D; Backlight compensation: supported; Wide dynamic range: supported (digital, hardware); Strong light suppression: supported
- Wired network port: 1 RJ45 10M/100M Ethernet port
- Supported protocols: IPv4, TCP, UDP, RTSP, RTP, DHCP, NTP
- Intelligent detection: motion, human, face, and vehicle detection
- Voice function: sound reception support
- Night vision type: black and white, full-color
- Video mode: continuous recording, alarm recording
- Alarm type: sound and light alarm
- Power supply: DC12V
- Operating temperature: -10°C ~ 60°C
- Operating humidity: <95% (non-condensing)
- Storage: Micro SD card (≤256 GB) (purchased separately) or cloud storage
- Power consumption: 12W MAX
- Resistance: IP66 (waterproof and dustproof)
- Casing: Metal

The Ferguson Smart EYE 310 external IP camera is a perfect solution for those who value peace and security. With its advanced technology and intelligent features, this camera model is ideal for both home surveillance and protecting business spaces.

- Ferguson Smart EYE 310 is a smart outdoor camera that monitors your home 24/7, ensuring visibility even in darkness.
- The waterproof design of the Smart EYE 310 camera performs reliably in all weather conditions and temperatures down to -10°C.
- Smart EYE 310 is suitable for monitoring large areas like construction sites, thanks to its mounting options at heights of 2.5-5 meters.
- The Ferguson Home app allows real-time camera monitoring from anywhere in the world.
- Features like human and vehicle detection ensure automatic image saving in case of suspicious events.
- The camera offers easy installation with a mounting template and wireless Wi-Fi.
- Smart EYE 310 supports business surveillance with its night mode and advanced imaging technology.
- Placing the camera in strategic spots around your home ensures protection against unwanted intruders.
- The camera meets FCC and EU standards, guaranteeing quality and reliability.
