

Tablet Ferguson Regent 7

Regent 7 is the first Ferguson **quad-core** tablet with **3G modem**. It is a compact size tablet equipped with ultra-fast 3G modem. This product is an ideal solution for dynamic people looking for a portable tablet with ultra-fast wireless Internet. Smooth user experience is provided by powerful quad-core processor **Qualcomm Snapdragon 200, Adreno 203 GPU** and **1GB of DDR3 RAM**. Regent 7, like the other 7" and 8" Regent models, also provide surprising sound quality from stereo speakers on front panel. Playing movies, listening to music or surfing the web on the tablet Regent 7 is a pleasure. A powerful processor, 3D accelerator and the screen with a resolution of 1024 x 600, allows you to play your media, and web browsing. Carefully selected configuration, fast 802.11n WiFi and a 5-point multi-touch system provides exceptional comfort.
