

**PHT-1008****TV
10.1"**

From now on you can watch TV wherever you are with Ferguson. Specially designed for this purpose model **Ferguson PHT-1008** has digital DVB-T tuner with MPEG-4. As a result, in almost all European countries you can watch terrestrial TV in standard and high-resolution (HD). It is compact and lightweight, that is why you can easily take it on holiday. This TV would be perfect travel companion, who can also play audio, video and photo files. Beautifully designed 10.1" TV is perfect to use in the car or caravan. **12V car charger is included!** You will never miss any of your favorite TV shows. Built-in rechargeable battery allows you to watch TV or movies up to 2h without an additional power supply. So you can take your TV to the beach, the park or in any other place. PHT-1008 support resolution of 1024x600 pixels. It is equipped with USB input, HDMI, AV, antenna, power supply and AV, headphone output. HDMI input allows you to connect any digital signal to TV and use it as a monitor for your mobile device or as external signal / information frame. PHT-1008 can be set with built-in leg or hang on the wall. It is also characterized by a low power consumption in standby mode (0.5W).
