

Main features:

- Rotating, widescreen 16:9 LCD 9" Panel
- DVB-T/T2 terrestrial television
- Built-in stereo speakers
- Audio/video inputs and outputs
- Support for HD media files
- Support for external subtitles
- USB 2.0 port - photos, music and movies from a USB stick
- Built-in SD/MMC/MS memory card reader
- Support for JPG, MP3 files

Sit back, relax and watch your favourite videos on the Cute9T2 player with a 9-inch digital LCD screen. You can watch your favorite DVD and XviD movies, listen to music from MP3 files, watch terrestrial television in DVB-T/T2 standards and admire your JPEG photos anywhere and anytime. Among many other portable DVD player models,

Cute9 T2 is distinguished by a large 9-inch screen with digital matrix with high resolution 800x480 pixels (budget 7-inch players have analog panel with a resolution of only 480x234 pixels) included remote control and car charger.

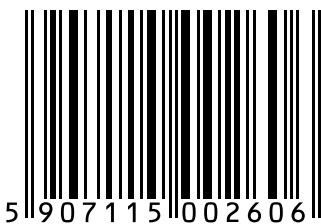

Packaging:

Bulk packaging: **12 pcs.**

EAN:

5907115002606
