- **charger,**
- **car charger,**
- **antenna** for terrestrial TV reception,
- **headphones,**
- **remote control,**
- **bag** for storing the device and for mounting of the device in the car.

Description

Sit back, relax and get carried away by the movies on Cute9 T265 with a 9-inch digital LCD screen. You can watch your favorite DVD and XviD movies, listen to music from mp3 files, watch DVB-T/T2/H.265 terrestrial television and enjoy JPEG photos anywhere, anytime.

Among many other portable DVD players this model is distinguished by a large, 9-inch screen with a digital matrix with high resolution 800x480 (budget 7-inch players have an analog panel with a resolution of only 480x234), attached remote control, car charger, antenna and a very useful bag allowing for a simple assembly of the device in the car and also being a perfect cover.

The unique rotating screen allows you to watch TV or DVD movies in any position. Mount Ferguson Cute9 T265 on the headrest of the car seat and enjoy a quiet journey, even with children;)
