- **FilmBox** - one month for free! Only for FBOX users!

Ferguson FBOX 4K is a powerful multimedia device, which possibilities are limited only by your imagination. FBOX 4K displays movies in **4K UHD** resolution, uses the services of operators such as **Netflix**, **HBO** or any other **VOD** (Video On Demand) provider, it moves your media directly on your big TV screen, so you can share your favorite content with your loved ones.

Ferguson FBOX 4K is filled with the most advanced technology enclosed in a small, unobtrusive, nicely designed enclosure. FBOX 4K does not limit user access to the **Google Play** app store, so you have access to hundreds of thousands of applications developed for Android. After connecting an external mouse and keyboard, FBOX 4K turns into a **small, high-performance PC**, so you can edit your documents, you can manipulate your photos or view your favorite websites.

Ferguson FBOX 4K
your imagination is the only limit!
